ORGANIC CBD SPA PEDICURE (\$90)

The organic CBD (cannabidiol) products may have the ability to maintain a balanced and healthy immune system and can reduce inflammation, help to alleviate pain and muscle soreness, promote relaxation, have antioxidant properties, soothe tired skin, accelerate its natural healing process, and add that much needed moisture back into your skin in winter or dry weather. Also, the CBD pedicure helps to heal the feet, improve blood circulation, smoothen the skin, and fight off infection.

The organic CBD SPA pedicure can be enjoyed year-round, it is particularly beneficial for:

- **Summer:** With sandals season in full swing, it can help keep your feet looking and feeling their best.
- **Winter:** Cold, dry air can leave your feet feeling rough and cracked. It can help restore moisture and softness.
- **Before special occasions:** Whether it's a wedding or a beach vacation, it can help you feel relaxed and confident.

Top health benefits of getting pedicures regularly:

- Improves foot and nail health.
- Promotes healthy blood circulation.
- Helps the body fight infection and disease.
- Prevents fungal infections.
- Promotes mental health and relieves stress.
